

WEEK 8

# NEWS YOU CAN USE

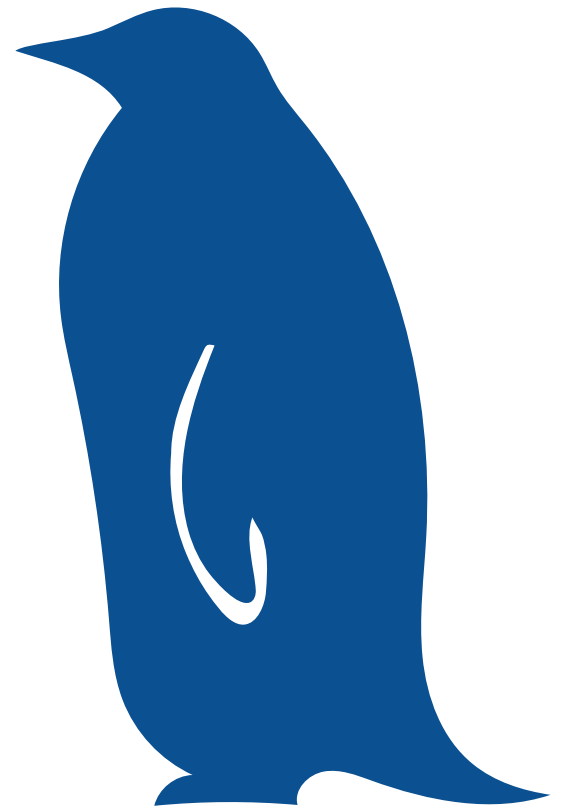

A CARLETON NEWSLETTER

## WEEK 8

*November 1st - November 6th*

- Registration for winter term began on the 2nd. Students were excited to be able to pick which classes they would like to take.
- On the 3rd, Carleton Dems organized shuttles for students every 15 minutes to voting sites. This helped students who may not have had transportation to still be able to cast their votes.
- On the 3rd Professor Emeritus Steven Shier held live election night coverage. Students could learn about the state of current events on KSTP.
- Africana Studies held a discussion about the results of the election on the 4th. Students enjoyed treats while talking about the current conditions of the country.
- On the 5th Carleton alumni in health careers talked about their experiences with a gap year. Students in both pre-health and other tracks could hear about how they pursued other opportunities before applying to medical school.
- This winter Theater and Dance will be putting on a production of A (socially-distanced, masked, Commedia Dell'Arte-influenced) Midsummer Night's Dream. Auditions for this play were held on the 7th and students from all over jumped at the chance to show their talents.
