Inter-Registration Process Information

Registration Priority: Degree seeking students at their home institution receive priority registration over any non-degree seeking student. Students wishing to register as a visiting student through inter-registration may register as soon as the day after all degree seeking students have the opportunity to register, and as late as the final day of the hosting institutions drop/add date.

To ADD an Inter-Registration Course:

- Contact the hosting institution’s course instructor to inquire about registration in their course via email. If the instructor agrees to allow you to add the course, print the email confirmation (must come from their institution email account and be displayed in the printed email), or obtain the instructor’s signature on this form.
- Submit the completed form to your home institution’s Registrar’s Office by the hosting institution's registration add deadline. ([Carleton add deadline information](#)) ([St. Olaf add deadline information](#))
- Your home institution's Registrar's Office will contact the hosting institution's Registrar’s Office indicating approval or denial. You will be notified of the decision via email.

To DROP an Inter-Registration Course:

- To drop or late drop an inter-registered course at St. Olaf email registrar@stolaf.edu and registrar@carleton.edu to request the drop/late drop.
- Your home and the hosting institution will communicate to confirm the drop/late drop from the course, and notify you when the drop/late drop has been processed.
