Suggested First Steps

Look at ‘Getting Started’ under the ‘Applicants’ tab on the US Student Program homepage:

Use ‘Types of Awards’ to review the different options; you can also view a tutorial. Use ‘Award Search’ to see what countries offer the type of award that interests you. You can sort by type of award, start date, language requirements, and more!

Visit the ‘Countries’ tab once you have narrowed your search:

Check your preferred country/ies and award type(s) for specific information. Be sure to read the ‘Award Profile’ carefully. If there is a ‘Candidate Profile,’ that will also include important and useful information.

Consider attending a Fulbright information event (recordings eventually posted under webinars)
