

Carleton College

Office of Institutional Research and Assessment

Dear colleagues,

The Office of Institutional Research and Assessment is happy to enclose the official student enrollment report for our current academic term. I'd like to express our gratitude to the people who have helped us to refine the information included on this report. In response to that feedback, we have made some changes to our reporting practice:

1. We will only be reporting retention data in the fall term report.
2. We will no longer attempt to report financial aid data for each individual term.
3. We will only report major and minor selection data in the spring term report.

If you have any feedback about the format or content of the report, or if you have any questions, please contact Don Smith at dsmith9@carleton.edu or x7732. Also, while we hope this report is helpful to you, it is certainly not intended to replace our office's ordinary function as stewards and reporters of the college's data. If you have any informational needs that are not adequately addressed by this report, please feel free to contact me at tjamison@carleton.edu or x4292.

Finally, please be aware that the enrollment data contained in this report are confidential and for internal use only. They are not to be reported externally. Please do not distribute this report beyond those people in your office who have a concrete need to review and/or use the data, and please do not leave any printed copies of this report in plain view or in public areas. If you are contacted by any external agency asking for information that may be present in this report, please do not provide any information from this report without first checking with my office. If you have any questions about how to use or safeguard these confidential data, please contact me.

My best wishes for a happy and productive term. As always, please let me know if you have any projects or informational needs with which my office might be able to assist.

Sincerely,

Todd Jamison

Assistant Vice President of Institutional Research and Assessment

***Official enrollment data as of the 2020 winter census date (1/14/20). These data are for internal use only and are not to be reported externally. a-g: See reverse for informational appendix.**

Carleton College

Appendix

a: "Full-time, degree-seeking students" are defined as those students who are either currently studying full-time on Carleton's campus or participating in college-approved off-campus studies programs.

b: "Legal sex" refers to a student's sex as reported to the US federal government.

c: The "four groups" ethnic categories are used internally at Carleton. For the purposes of this field, "students of color" are defined as domestic students who identify, even in part, with a non-white racial/ethnic identity.

d: The "US Geographic Origin" categories include only those students who are US citizens residing either in one of the 50 states, on a US military base, or in a US territory or possession.

e: Students with "Waiver of senior residency" status are not enrolled and in residence on campus. They may be participating in a 3-2 program, may have completed all degree requirements, or may be completing final requirements, such as comps.

<i>Please contact Don Smith at dsmith9@carleton.edu or x7732 with any questions about this report.</i>
