

2022 Annual Representatives Meeting  
Hosted by Carleton College, June 22 – 24, 2022  
*Facing Forward: Embarking on the Changing Landscape of Higher Education*

---

**Over the last two and half years, our campuses have been fraught with disruption and uncertainty. And even as we welcomed students and colleagues back to campus after several months of distance learning, questions still remain: In what ways has the pandemic impacted our students' sense of belonging and well-being on campus? What new approaches to teaching and student support will be required in the next phase of the pandemic?**

**The 2022 CHAS Annual Representatives Meeting at Carleton College will address these and other questions. Participants will reflect on the changing needs of students in today's higher education landscape, and make a plan for moving forward in positivity and partnership.**

**Wednesday, June 22**
