## CARLETON

Dear '78 classmates,

As *The World Turns*, we have reached the milestone of our forty-fifth reunion! The Days of Our Lives on campus were filled with intense intellectual stimulation, quirky pranks and appreciation for *The Bold And The Beautiful*. We can remember those times at Reunion in June 2023.

So plan to come and at *The Edge Of Night* we can all Search For Tomorrow. Will we look like the class of '73 members when we return for our fiftieth? Or will we still be the Young and the Restless we see in our minds' eyes?

This is our chance to throw a frisbee on the Bald Spot as we compare our newly developed bald spots and Dark Shadows. We can talk as we support each other to the dorms and laugh about how we needed support back from the Cave or the Rueb on the snowy and ice-slick hills. Come back before we need to check into a General Hospital for totally different support. It's *Another World* and we've Only One Life to Live. So join us in June for Reunion!

Soap operas from the past and the bubbles of joy we share each time we get together; it's a lot!

See you there,

The '78 Reunion Committee:
