## Recessional

- The college marshal will lead the platform party, trustees, and faculty onto the Bald Spot.
- Faculty will exit to the right, two rows at a time, turn left toward the stage, then walk down the center aisle and out to Bald Spot.
- Once on Bald Spot, the left side of the recessional should step to the left, and the right side step to the right, in order to form a passageway.
- Graduates will be led by the Associate Deans of Students through the passageway, providing faculty an opportunity to offer congratulations and/or to give them a round of applause—quickly, please.
- You are invited to join the graduates at the complimentary picnic lunch immediately following the ceremony.

## Weather-related

The ceremony will take place outdoors, rain or shine. However, if severe weather appears likely, an email would be sent and a notice posted on the Carleton main web page with further instruction.
