Introduction:
This worksheet is to provide a) accurate data for Student Financial Aid (SFA) to adjust your financial aid for your off-campustudies term, and b) give you and your family an estimate of the total cost of your off-campus study program. This worksheet is required as part of the Off-Campus Studies (OCS) approval process for students on need based financial aid.

Instructions:
1. Access your program’s website and find the section on program cost or fees. Programs generally list their fees, what costs they include and exclude, and give an estimate of additional expenses. You will need this information to complete the worksheet.
2. Return the completed worksheet to Student Financial Aid (SFA) by dropping it off in the lower level of Scoville Hall or emailing to financialaid@carleton.edu. Within 3-4 business days of receipt, your form will be marked as received in your OCS student portal.

If you need assistance completing the form or would like to inquire about aid adjustments, please schedule an appointment with Tina Kukowski in Student Financial Aid (SFA).
