Campus News

Carleton news agency reported that Professor of Physics and Astronomy Marty Butler was named Chair of Physics and Astronomy at Carleton. This is a rare honor, as only a single professor has held this position in the past 25 years.

Marty Butler is known for his research in astrophysics and his dedication to teaching. He has been at Carleton for 15 years and is a respected member of the faculty.

Campus energy and sustainability efforts

Carleton has made significant strides in sustainability, including the certification of Olin Hall and Hulings Hall as LEED Platinum buildings.

Supporting Students

This year’s Maize & Blue Daize event will be held between April 1-7 and will feature various activities, including a celebration of Carleton’s commitment to supporting students.

Upcoming Events

Maize & Blue Daize: April 1-7

Supporting Students

The Carleton Annual Fund is hosting Maize and Blue Daize: April 1-7 to support Carleton students.

Upcoming Events

Supporting Students

On March 24, at 12:00pm Central, a webinar will be hosted with three Carleton crossword puzzle authors. Learn about the process of creating effective puzzles and the influence of race on accessibility in the New York Times.

Upcoming Events

Supporting Students

Carleton has recently been recognized for its geothermal technology, which is part of the path to eliminating emissions.

Upcoming Events

Supporting Students

Carleton was also recently recognized for its LEED Platinum certification of Olin Hall and Hulings Hall.

Inclusion, Diversity, and Equity Plan

Since August 2020, when the Board of Trustees endorsed the creation of a Community Plan for Inclusion, Diversity, and Equity, multiple constituencies have worked together to generate strategies that informed a draft plan. This plan will be reviewed and incorporated into a final draft this spring.
