COVID-19 Update

Students were notified that Carleton will host a series of flu and COVID-19 booster vaccination clinics on campus between October 24 and November 9. Appointments are required, and students can choose to receive one or both vaccines at scheduling.

If students have already received a COVID-19 booster or flu vaccine, they should report them: boosters should be reported using the links on the Responding to COVID-19 website, and flu vaccines should be reported through mySHAC.

For COVID-19 resources, including the COVID-19 dashboard, the CDC, Minnesota Department of Health, and Rice County COVID-19 case data, please visit Carleton’s Responding to COVID-19 page.
