## Frequently Asked Questions

### What should I pack? What should I leave at home?

Check out the packing list from Residential Life:  
[go.carleton.edu/packing](https://go.carleton.edu/packing)

### When will I receive my roommate and dorm assignment?

You will first complete your housing questionnaire, which is available after June 1. Residential Life then completes housing assignments for new students in mid-July. As soon as all new students are housed, Residential Life will send an email with the website where new students can find their room assignment and the name, address, phone number, and email address of their roommate(s).

### When will my class schedule be finalized?

You'll register for your initial choices in mid-August, and you'll confirm your courses when you meet with your Liberal Arts Adviser on campus during New Student Week. Every student also has a drop/add period once classes get started.
