Frequently Asked Questions

What should I pack? What should I leave at home?

Check out the packing list from Residential Life:
go.carleton.edu/packing

When will I receive my roommate and dorm assignment?

You will first complete your housing questionnaire, which is available after June 1. Residential Life then completes housing assignments for new students in mid-July. As soon as all new students are housed, Residential Life will send an email with your room assignment and the name, address, phone number, and email address of your roommate(s).

When will my class schedule be finalized?

You'll register for your initial choices in mid-August, and you'll confirm your courses when you meet with your liberal arts adviser on campus during New Student Week. Every student also has an add/drop period once classes begin. Learn more about new student registration: go.carleton.edu/pre-registration
